By United States. Bureau of District

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 168 pages. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1990 Excerpt: . . . WSA, and no part of the actively producing Mancos A area is within the WSA. The leases that are physically a part of the Morrison participating area and are in the WSA are: C-03131, C-03145, C-03312, C-03144a, and C-03144. Lease C-03324 is on a part of the Mancos A participating area, but only a small portion of this producing lease falls on the WSA. Thus, 4 leases in the WSA are held by production of gas and/or oil. An additional 11 leases are held by producibility of a shut-in well. In addition to the leases held by production, the unit agreement involving the 2 separate portions of the Missouri Creek Unit holds an additional 6 leases. The Oil Spring Mountain WSA lies on the west side of the Douglas Creek Arch near the crest of the anticline. The Douglas Creek Arch constitutes the largest federal gas field in Colorado (see Map...

Reviews

Certainly, this is the finest job by any publisher. I was able to comprehend almost everything out of this published ebook. You won't truly feel monotony at any moment of the time (that's what catalogues are for concerning should you question me).

-- **Graciela Emar**

Extremely helpful for all class of folks. It is really simplified but excitement from the 50 percent of your ebook. You won't sense monotony at any moment of your time (that's what catalogues are for about if you check with me).
