Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Zlog by Zlogspeare is as much a fable as it is a play and since a fable must necessarily have a moral, Zlog s timeless moral is clearly this: Do not eat magical mushrooms that grow on beanstalks and come from unknown sources. Our story is set in the kingdom of Zlog, a country with a rich history dated in antiquity. Rich in natural resources and blessed with rivers and the most fertile soil that a farmer could wish for, the country should be prosperous and wealthy. In fact the Department of Counting , a department that works under the venerable Ministry of facts and figures regularly confirms the great progress that Zlog has made - each year is better than the previous year! Every single able-bodied citizen has something or the other to do, if you count waiting in lines, supplicating for favors and watching squicket as useful activities, and, is gainfully employed. If there is any contrarian thinking regarding the happiness of the subjects, it comes from a few rebel groups, including the Zlogistas, who have been fomenting trouble and even publish their own gazette called The real Zlog .
