

Building the SharePoint User Experience

By Bjørn Christoffer Thorsmøhlum Furuknap

Apress. Paperback. Book Condition: New. Paperback. 376 pages. Dimensions: 9.1in. x 6.9in. x 1.0in. The SharePoint user experience is critical in application architecture and user acceptance. Using tools available to all developers, *Building the SharePoint User Experience* will show you how to rebuild a SharePoint site, taking it all the way from the default outofthebox experience to your very own customized user experience. Along the way you will receive a solid understanding of the SharePoint architecture that will enable you to take full advantage of the capabilities of SharePoint as a platform. This will allow you to tailor the SharePoint user experience to increase the value of solutions and to work more effectively with projects. And that, of course, leads to successful SharePoint solutions in your business that your users are happy to accept and use. What you'll learn Learn the tools needed to create effective and highly tailored user interfaces and experiences. Dissect an outofthebox site to learn how every user experience element is built. Master the core functions of sites, lists, content types, and fields. Build a site from scratch using tools available to everyone. Speed up development time by using little known tips and tricks. See how new...
