Zircon Lovell wants her, too. They agree to share her, if she'll have them. Now that she's moved into the old schoolhouse with Taige and Eve, they can show her how much she means to them both. But she doesn't know they're werewolves and they can't tell her, which makes pursuing her difficult. They have a wonderful day out together, and are just getting to know her with a nice game of doctor, nurse, and patient, when half a dozen wolves break into the house to attack them all. Titan Raul is determined to prevent wolves associating with humans. He challenges Jasper to a fight to the death to rule the pack. Will this be the end of not just their romance, but of any hope for wolves and humans to mix? \*\* A Siren Erotic Romance.
